

PHOENIX RANCH

Our wines are crafted in homage to those produced in the Northern Rhone of France — the distinctive wines of Hermitage, Cote Rotie and Condrieu, known for their elegance, their ability to age, and their vibrant sense of place.

2007 Phoenix Ranch Syrah

Situated closer to Carneros than Calistoga, Phoenix Ranch enjoys the cool coastal influence of the San Francisco Bay. Five acres are planted to 3 distinctive clones: Durrell, Syrah Noir, and Estrella River. The Estate Syrah is a harmonious blend of all 3 clones filled with aromas of lavender, boysenberry, black currant, cedar, and tobacco. Dark purple in color, the Syrah has presence on the palate with a smooth velvety finish. Enjoy now or over the next 4 years.
